

BCA - Best Practices

- Parents are informed about the students' performance and behavior at college. At most care is taken to avoid any form of plastic files and folders.
- Frequent seminars and workshops are conducted for the students to enhance their programming skills which enables them to face interview.
- Apart from the academic, interdepartmental sports events are organized to build a healthy relationship among the students.
- Students are encouraged to participate in various inter collegiate cultural activities to build social rapport with their peer group.
- Outreach programmes are arranged for the students by visiting nearby orphanages and old age homes to inculcate human values.
