

THE DEPARTMENT OF MATHEMATICS, SELF-FINANCED STREAM, was started in the year June 2003 in this prestigious college, M.C.C. with just a hand full of students, one full time and a guest faculty. The Department got its affiliation in the end of 2004 to the credit of the department, it is fast growing every year and now comprises 180 students, 5 teaching staff. The Department was started with a vision of imparting knowledge and Mathematical skills to young aspiring minds.

The course offers specialized papers like Resource optimization techniques, Mathematical programming techniques, Computer Programming papers and interesting subjects like Mathematics for competitive exams, Graph Theory and Formal languages and a lot more.

Mathematics is the only place where truth and beauty mean the same. It is the vision of the department to inculcate this goal in the young minds of the department.

Programmes Offered: **B.Sc.**
