

LETOURNEAU
UNIVERSITY

At LeTourneau University, students are immersed in a tradition of ingenuity and integrity, following the inspiration of the University's founder, R.G. LeTourneau – renowned engineer, inventor, entrepreneur and Christian philanthropist.

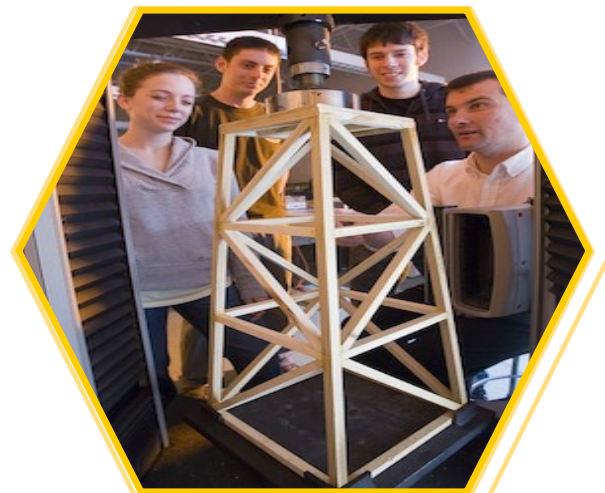

Integrity &
Ingenuity

LeTourneau University consistently ranks in the top tier

of Master's / Comprehensive Universities
among "America's Best Colleges" by *U.S.
News & World Report*.

Flagship Programs:

Engineering
Materials Joining Engineering
Technology

Criminal Justice

Connect to campus culture through
residential housing that emphasizes

community

and offers numerous social events scheduled each year to encourage student interaction.

Students enjoy the latest technology and amenities in a safe campus environment where they can focus on individual

**academic
and
spiritual
growth**

Community
& Connectivity

LETU's
**Student Intercultural
Connections (SINC)**
Program helps new international students quickly connect and engage with current LETU students—an easy way to have fun and make lasting friendships.

through close relationships
with faculty, staff,
and classmates.

Engage with students from all 50 U.S. states and from over 30 countries as you explore

hands-on learning and research,

working alongside faculty who are leaders in their fields and who are fully invested in mentoring their students.

Excel in your academics and prepare for your career with full academic support services through the Achievement Center, Career Center, and the Office of Global Initiatives.

LeTourneau University has earned national recognition for consistently achieving an average

97% graduate placement rate.

As an exchange student, no matter what your major is or how long you study at LETU, you will be challenged to grow both as a professional and as an individual.

There is a place for everyone here at LETU, and we would love to have you!
