11. Future Plans : My Future Plans for MCC in General and GTTM department in particular are to participate in the MCC – MRF Innovation Park. Being a qualified IATA technocrat, I wish to promote the travel desk and handle the same in MCC – MRF Innovation Park.

My dream is to bring the Post Graduation Courses in my department for serving the students. MCC culture is so infectious; the students getting taste of it will never forget it. Many of my students who have passed out MCC wanted to remain here and to pursue their higher education.

I am willing to continue to do the good services done so far in future also, apart from taking the new challenges and responsibilities given by the Management. Time and again I was the willing and active participant for all the activities of the Department and the College.

Praise the Lord Jesus Christ.
